

# INCH's Staff & Volunteers

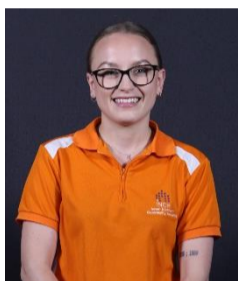

INCH is a small staff team who achieves high level outcomes due to their hard work, persistence, loyalty and dedication to INCH's Mission and Values which translates into high quality housing services for INCH's clients.

INCH has 3 departments – Management Team, Tenancy Team and Property Team

Staff members have a diverse range of skills and experiences in the Community Housing sector which enables them to successfully deliver specialised Residential Tenancies services to single people and families who have very high and high needs.

Our Office Volunteers work alongside INCH staff to assist in deliver services to tenants and to engage in our local community. Our volunteers have a variety of experience and skills.

If you are interested in being a volunteer at INCH, please go to [Volunteering Queensland](#), and search for INCH's vacant volunteer positions.
